COLORWORKS™ IN THE OFFICE

The Office Furniture Group (OFG) is pleased to announce the next generation of a program for color coordinating your upholstered furniture products. Whether you are decorating one office, or an entire floor of offices, ColorWorks™ makes it easy to put together a magnificent palette of fabrics that work together.

From traditional prints and solids to simple dobby and intricate jacquards, OFG's ColorWorks™ upholstery program takes the guess work out of matching fabrics. ColorWorks™ was created with mixing and matching in mind, so that these fabrics can be used to build a diverse and attractive color scheme through the entire office.

WHAT'S INSIDE

This brochure will introduce you to the versatile ColorWorks™ program by displaying a summary of its component collections. They include: FedFast Strings Collection, Strings Coordinates Group I, Value Terratex Recycled Series I and II, and Waste Not Recycled Coordinates, and the No Strings Attached Leather Collection. Easy to reference specifications and care information are provided for each collection. As you review the collections, you will quickly see why we call it ColorWorks™. Each color range and pattern was carefully selected to coordinate with other collections and groups, while using a consistent and dynamic color format throughout, making the process simple.

ORDERING IS SIMPLE

This brochure of photo color cards was created to assist in fabric and leather selections when specifying OFG seating. Each photo color card collection in this brochure represents an actual sample card you can order to view and touch. To order a sample card, call the OFG Customer Service Center, **800-827-3168**, or go to **www.unicor.gov** on line. Use the stock numbers listed under the collection name when ordering.

Upholstery memo samples (8" x 10") are available by contacting the OFG upholstery vendor, Mayer-Paetz, Inc. Leather samples are available through the OFG leather vendor, Spinneybeck. See specific instructions on each collection for ordering details.

NOTE: Each collection has a pricing group associated to that specific card. These pricing groups correspond to the pricing in the Overture Seating Price List.

FEDFAST STRINGS COLLECTION

STRINGS COORDINATES GROUP I

STANDARD PRICING
GROUP 1

This collection may stand alone, however the total offering lends itself to any environment with crossover coordination from the FedFast Strings Collection through the entire Strings Collection. The broad spectrum of this collection, combined with the UNICOR Chords Stock Panel Fabric Program, allows customers to accessorize any facility with relative ease.

Strings Coordinates Group I has been designed in the same basic color sequence based on the color spectrum-red, burgundy, plum, blue, green, gold, beige, granite, and black. Shades of these colors vary in each Collection.

Strings Coordinates Group I is a color coordinated collection of 24 sku's with colors in a classic, yet progressive direction. The color ranges and patterns were designed to coordinate with all collections for simple cross over applications.

Special consideration was given for task seating performance with all 5 patterns exceeding a minimum of 80,000 to as much as 1,000,000 double rubs.

All patterns contain 46 to 60% recycled polyester.

PRICE UPGRADE
GROUP ?

The name says it all for this 100% Recycled Polyester collection that offers 6 patterns and a multitude of color choices for the discerning customer. Patterns range from simple action plains, small and medium scale geometrics, an attractive grid-look and a small scale leaf design, all of which are non-gendered and provide an array of design possibilities for many environments. This is the next generation of recycled upholstery fabrics that are alive and bright, taking inspiration from colors in nature – charcoal, gold and purple blue ocean.
